11 St Andrews Place, Regents Park, London NW1 4LE

BSCMR
Young
Investigators

BSCMR Young Investigators Awards

The 16th BSCMR Annual (Hybrid) meeting is in London on Tuesday 12th October 2021, and promises the latest updates on the clinical and scientific areas of CMR, from highly experienced CMR practitioners around the country.

The venue is the Royal College of Physicians, and there will be plenty of opportunity for networking and questions, and an entertaining debate in the afternoon.

We encourage researchers to submit abstracts of 350 words covering their latest research, and these will be selected for poster presentations, and published in Heart journal. Abstracts from researchers in sub-consultant grades, or with up to 2 years post-doctoral experience, can be considered for the Young Investigator Award.

The best three abstracts will be selected, and investigators will be asked to make an oral presentation of their work in the afternoon session, with the winner of the award being announced at the end of the day.

First prize is £150, Second prize £100 and third prize is £75.

Deadline for submission of abstracts is Wednesday 15th Sept. at 5pm, and YIA candidates will be notified by week commencing 20th Sept. 2021.

Please submit your abstracts via the BSCMR website:
www.bscmr.org

Thank-you
